Subject: Spotlight Access Information

Sgt,

Here's the access link for Spotlight if you are interested in obtaining an account. Click the link and then click on the "request access" icon. Once you are there, fill out the information and put "Brian West" as the referring person.

Link:

https://www.htspotlight.com/apps/

Once you fill out the form and submit, they will send you a confirmation email telling you that they will send you a password/ account link, once they finish processing your request. According to Brian West, the website is a law enforcement search tool, that is a great for conducting facial recognition searches across all internet based (Adult) advertisements.

I CC'd in Trish, so she can obtain an account as well.

Respectfully,

-Matthew Johnson
